Manual

Melody Bouncer 9100 Series

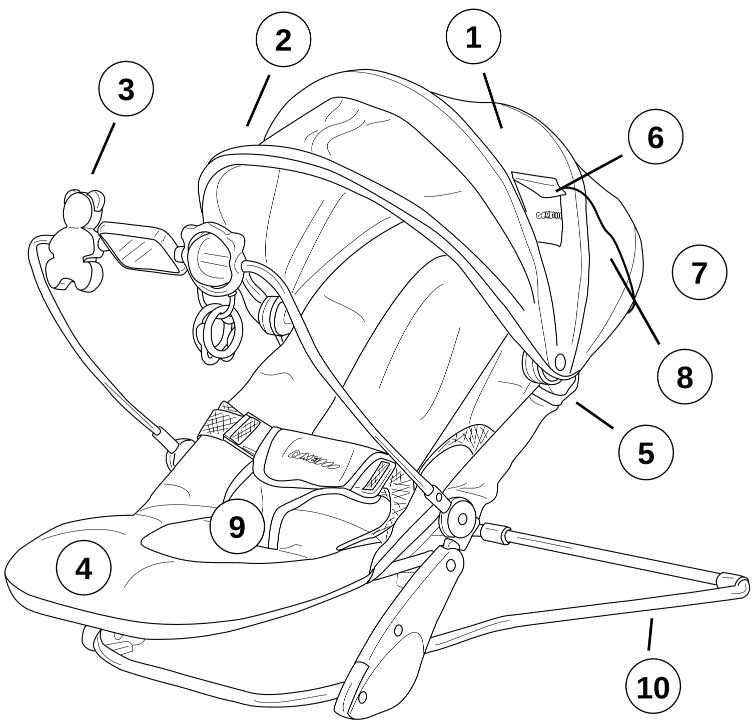

Record the following information for quick reference.

Date Purchased:____________________ Model Number: 9100-0

Thank you for purchasing a COMBI® Melody Bouncer. It has been designed with both you and your baby in mind. Should you need assistance with your COMBI® Melody Bouncer, call us toll free at 1-800-992-6624 from anywhere in the U.S. Our Customer Service Department hours are Monday through Friday 10:00 a.m. - 5:00 p.m. Central Time. Our Customer Service Representatives are trained to give you assistance with questions you may have concerning assembly, parts, or use. Please have the model number ready when you call. Should you loan/give/sell this Melody Bouncer to anyone else, be sure to supply this instruction manual as well. Adult assembly is required. The illustrations in this instruction manual are for reference and ease of understanding only. The actual item may differ from the diagrams.

7. Player Pocket (On the backside of seat)
8. Speaker Wire Guides (One on each side of canopy)
9. 3-Point Waist Belt
10. Stay Bar

⚠ WARNINGS

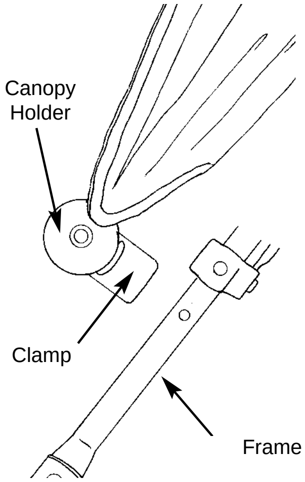

If the Melody Bouncer is not used in compliance with these instructions, serious injury may result.

- Never leave child unattended.
- Avoid serious injury from falling or sliding out. Always use seat belt.
- Always use on the floor. Never use on any elevated surface or near steps or stairs.
- Never use the Melody Bouncer as a baby carrier.
- Do not allow your child to stand in or on the Melody Bouncer.
- Never lift the Melody Bouncer using the toy bar as a handle.
- Maximum weight - 20 lbs.
- Never use the Melody Bouncer as a car seat.

WARNINGS *Never the lift Melody Bouncer using the toy bar.*

Attaching the Canopy

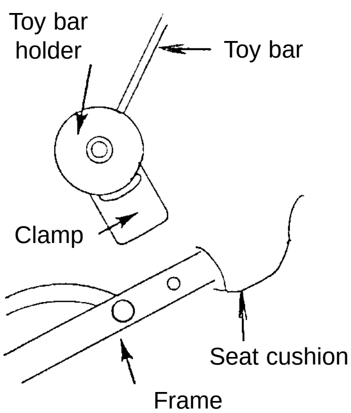

1. To install the canopy place the notch in the clamp of the canopy holder into the hole on the frame. (Located above the waist belt).
2. Open the canopy by pulling on the visor with one hand until fully opened.
3. Before folding the Melody Bouncer, grasp the visor and push down to close the canopy.

To remove the Canopy

Grasp the canopy holders on each side, one at a time, and pull out from the frame.

Installing the Toy Bar

WARNING

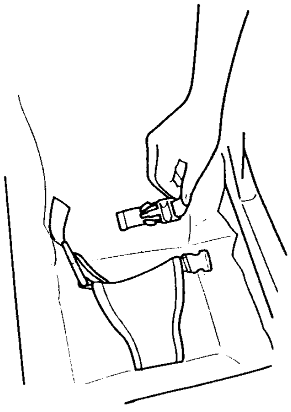

Never lift the Melody Bouncer using the toy bar.

To install the toy bar, place the notch in the clamp of the toy bar holder into the hole on the front tube (located above the seat).

Note:
Clamp must be positioned behind the toy bar holder in order to insert into the front tube.

Using and Adjusting the Seat Belt

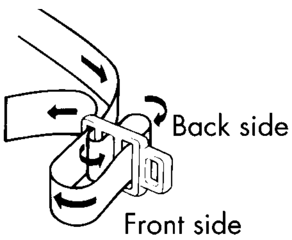

WARNING *Avoid serious injury from falling or sliding out. Always use seat belt.*

Place the crotch belt between baby's legs and fasten the waist belt buckles together.

After adjusting the waist belt, make sure it is fastened securely.

To adjust the waist belt, loosen the slack on both sides of each buckle.

CAUTION
Even when the seat belt is fastened, be careful not to let the child slip out or stand.

Installing the Speakers

CAUTION
Be sure to test the volume on your player. Set it at a comfortable level so that it does not startle your baby when turning it on. Loud volume can hurt your baby's ears. If you notice that the sound has become weak or distorted or if tracks do not change, this is an indication that your batteries are low. Replace the batteries and set the volume at a comfortable level.

1. While facing the front of the canopy insert the speakers into pockets and Velcro them closed.
2. Next, run the speaker wires through each guide and Velcro them closed.
3. Grasp the jack on the speaker wire and place behind the seat cushion. The jack must come through the bottom of the canopy.
4. The seat cushion has a storage pocket on the back. Place your portable CD, cassette, or MP3 player inside the back pocket.
5. Insert the (2.8 mm) mini-plug into the player. Turn on your player.

CAUTION
Before folding your Melody Bouncer, be sure to remove your player from the back pocket of the canopy.

This will make it easier to fold the Bouncer.

When you fold the Bouncer, you may leave the speakers in the Acoustic Canopy, but only for short periods of time.

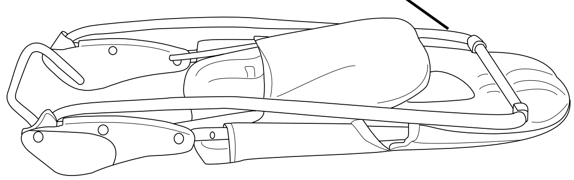

In the summer, the temperature may get as high as 150°F/65°C or more in your car or car trunk. Do not leave the Bouncer, with the speakers in the Acoustic Canopy pockets, in your car trunk where the temperature may reach these high levels. Store speakers in a cool and dry area.

WARNING:
To avoid serious injury keep stereo speakers and cords out of reach of children.

Folding the Bouncer

Remove the toy bar and close the canopy. Then, bring the stay bar around the bottom of the Melody Bouncer until it is against the canopy. Fold the seat to the backrest.

To unfold
Bring the stay bar around to the back of the backrest. Then, bring seat to the open position.

Routine Maintenance

STORAGE
Store in a cool and dry area, especially in the summer. Do not store the Melody Bouncer in the trunk of a vehicle.

SEAT CUSHION
The seat cushion is machine washable. Set to gentle cycle using warm water and a mild detergent. Do not use bleach. Lay seat cushion flat to dry in shaded area. Do not machine dry. To prevent color fading, do not leave soaking for a long period. If the seat cushion is frayed or unraveling, discontinue use and call customer service for further instruction.

CANOPY
Hand wash with brush. Wipe out excess water with a dry cloth and dry in a shaded area. For stubborn dirt, dilute a mild detergent then apply directly to the dirty area. Wipe out the detergent.

FRAME AND TOY BAR
Briskly wipe off any mud and dirt. To clean the body, wipe with a damp cloth then wipe out any traces of moisture on the body with a dry cloth. The main body might become moldy and musty if not wiped dry. Excessive exposure to the sun could cause premature color fading of Melody Bouncer plastic and fabric.
